Subject: Re: Ares(2026)9536412 — Additional details: EU Innovation Fund grant 101133120 (KOdeCO net zero) and EEA & Norway Grants project 2023/363890

Dear Sir/Madam,
further to your e-mail concerning my notification of 9 October 2026 (Ares(2026)9536412), the requested details are as follows.

1. EU expenditure — Innovation Fund (managed by CINEA). Grant ID 101133120, project „KOdeCO net zero", beneficiary Holcim (Hrvatska) d.o.o. (OIB 03640451), grant amount EUR 116,926,000. Concerns: (a) on 28.08.2026 the beneficiary withdrew the environmental impact assessment and the permitting procedure was suspended, yet industrial test operations related to the project continue at the Koromačno plant; (b) financial close is scheduled for 30.06.2027 (CINEA factsheet, updated 09.09.2026), while no public document identifies the CO_2 transport and storage counterparty on which the project's milestones depend; (c) access-to-documents requests on the grant agreement, its Annex 1 and milestone reporting have been submitted to CINEA under Reg. 1049/2001.

2. EEA & Norway Grants (call HR-INNOVATION), project 2023/363890 „Reduce, reuse and recycle — remanufacturing unavoidable waste", beneficiary Sekundar Usluge d.o.o. (Pazin), grant EUR 1,068,624. Concerns: grant-funded mobile equipment is used at a location (Pazin) not covered by the facility's permit (Istria County permit of 06.05.2025 covers only Galižana), per public statements of the City of Pazin (08.10.2026) and the Istria County Working Group (07.10.2026); waste from the state-funded Gospić remediation is processed there and transferred to Holcim Koromačno. *Should this scheme fall outside OLAF's competence, I kindly ask that this part be forwarded to the competent body (EEA Grants administration / national authorities).*

3. Persons/entities: Holcim (Hrvatska) d.o.o.; Sekundar Usluge d.o.o.; per public court registers, Mihajlo Mirković sits on the management boards of both companies simultaneously.

4. Evidence: public dossier with hash-verified evidence matrix: https://zeljk018bratic.github.io/dosje-koromacno/ (repository root hash a3c64477…cb8d6188, state of 11.10.2026). Parallel national proceedings: criminal complaint to the State Attorney's Office (ODO Pula, 09.10.2026), State Inspectorate filings (08.–09.10.2026).

I remain at your disposal for any further information.

Kind regards,

Željko Bratić
